Section C - Descriptions and Specifications

SCOPE OF WORK

**GROUNDS MAINTENANCE
U.S. ARMY CORPS OF ENGINEERS
BALL MOUNTAIN LAKE AND WINHALL BROOK CAMPING AREA
JAMAICA AND SOUTH LONDONDERRY, VT
Scope of Work
January 2013**

A. GENERAL

1. **Scope.** Furnish all equipment, materials, labor, and transportation necessary to mow and trim approximately twenty seven (27) acres of fine lawn at the Ball Mtn. Dam and Winhall Brook Camping Area. Services are to be provided in accordance with the following specifications and schedules. Work shall be performed in a timely manner and to the satisfaction of the Project Manager or his representative.

2. **Estimated quantities.** The quantities and schedule shown in the specifications are estimated amounts only and are not guaranteed. Weather and water quality are two factors which might increase or decrease public visitation at the project and, therefore, may require an increase or a decrease in the estimated number of services required under the contract.

3. **Site Visit.** Contact the Project Manager at 802-874-4881 to arrange a site visit.

4. **Payment.** The contractor will furnish the Project Manager with one monthly invoice, stating the service performed and the amount to be paid. Payment shall be made monthly for the actual services performed at the applicable contract unit price. The contractor should not expect to receive payment for at least thirty days after submission of invoice.

5. **Safety.** Safety is an integral part of the Corps of Engineers service contracting program. Contractor will be required to comply with all safety provisions as outlined in the Corps Safety Manual EM 385-1-1 (http://140.194.76.129/publications/eng-manuals/EM_385-1-1_languages/EM_385-1-1_English_2008/toc.html), incorporating all current appropriate modifications. A copy of the manual will be presented to the contractor at the pre-work conference. Contractor will submit a comprehensive Accident Prevention Plan to include Job Hazard and/or Activity Hazard Analysis form for approval prior to commencement of work. Contractor will be required to hold weekly safety meeting with all employees performing services under this contract. Meetings will be documented on NED Form 251. Forms will be submitted to the Project Manager with billing invoices in accordance with payment schedules.

6. **Pre-Work Conference.** The Contractor, upon award of this contract, shall contact the Project Manager at (802) 874-4881 to arrange a pre-work conference. At this meeting, contract requirements will be discussed and any problems resolved.

7. Equipment Inspection. The Contractor, upon award of contract, will be required to make available, for suitability and safety compliance inspection, all equipment he proposes to use to perform services under this contract. Equipment will be made available for inspection by the Project Manager five (5) working days prior to commencement of services. Any additional equipment added during the course of this contract must also be inspected before being placed into use. Equipment not accepted will be repaired and/or replaced at the Contractor's expense.

8. General Inspection. Upon completion of each mowing cycle, the Contractor will perform an inspection of all areas under this contract to insure compliance with specifications. The Contractor or his representative must be able to commit manpower, equipment, and resources to correct deficiencies. The Contractor will document his work on the Grounds Maintenance Services Inspection Form (form to be provided to the Contractor at the pre-work conference) that will be hung up in one of the buildings at the recreation area. A Government representative will accompany the Contractor on an inspection of completed work and will identify any contract deficiencies. Inspection forms will be submitted to the Project Manager to allow verification of results for payment. Any deficiencies noted will be corrected within original contract time frames or appropriate deductions in payment will be made.

9. Schedule. Dates as listed in the scope of work are for the 2013 season. The period of performance is from 1 April 2013 through 30 October 2013. The following table identifies the task number, description and frequency.

Item #	Description	Quantity	Frequency
1	Spring Cleanup Services	1	Annual - April
2	Mulching Landscape Plantings	1	Annual - May
3	Mow and Trim Lawns - AREA A (Ball Mtn. Dam)	26	Weekly
4	Mow and Trim Lawns – AREA B (Winhall Brook Camping Area)	26	Weekly
5	Roadside Mowing	2	Bi-Annual – Jun & Aug
6	Aeration	1	Annual – Oct
7	Fertilize	1	Annual – Oct
8	Lime	1	Annual – Oct

B. TECHNICAL.**ITEM NO. 1 - Spring Cleanup Services**

1. The intent of this item is to clean and prepare lawn areas and recreation area grounds for mowing and use by visitors to the area. Contractor will remove all leaves, stones, gravel, debris, tree branches, litter, etc., from all lawn areas maintained under this contract during the month of April as directed by the Project Manager. All biodegradable material and litter will be deposited in a designated dumping location on the project or removed from the site at the discretion of the Project Manager.
2. All silt, leaves, branches, litter, etc., will be removed from all parking lots and roadways under this contract. All biodegradable material and litter will be deposited in a designated dumping location on the project or removed from the site at the discretion of the Project Manager.

ITEM NO. 2 - Mulching Landscape Plantings

Contractor will furnish all labor and materials to mulch all trees, shrubs, and landscape beds on fine lawn areas covered under this contract. Existing mulch and fabric shall be removed at the beginning of each season. All biodegradable material removed from these locations will be deposited in a designated dumping location on the project. All litter and garbage will be either deposited in an appropriate waste container at the project or removed from the site at the discretion of the Project Manager. Plants, beds, and trees will be mulched using an approved permeable fabric weed barrier and mulch combination. Old Mulch shall be removed prior to installation of weed barrier. Mulch will be applied not less than 2-1/2' in diameter from the base of the plant/tree and 3" to 4" thick to prevent weed and grass growth throughout the growing season and will extend 24" beyond the drip line of small shrubs to help prevent mowing damage. This service will be completed by 15 May. Landscape beds and other areas mulched shall be kept free of weeds during the term of the contract. Weeds or grasses in these areas will be removed or cut by hand weeding, mulching, or hand operated clippers.

Mulching will consist of following areas:

Dam Area:

Three trees and three signs

Winhall Brook Camping Area

forty trees, one bush and four landscape beds:

ITEM NO. 3 - Mow and Trim Lawns – Area A (Ball Mountain Dam)**1. Mowing Area**

Mow and trim approximately seven (7) acres of grass at Ball Mountain Dam (see maps) to a height of 2-1/2" once weekly for a period of 26 weeks from 1 May 2013 or as directed by the Project Manager (see paragraph 4). The contractor should take note that all trimming on the lawns and **road sides** will be done weekly at Ball Mtn. Dam. A great deal of the mowing at Ball Mtn. Dam consists of steep banks, approximately seven thousand eight hundred (7800) linear feet of guardrail trimming, and rough road shoulders which are not suitable for large mowers. Bidders are strongly encouraged to consider the large amount of hand trimming and labor before submitting a bid.

2. Mowing Quality

Mowing in all areas shall be accomplished in a manner that will prevent tearing up or scalping of the turf. Each pass of the mower shall overlap the previous pass so that no strips of uncut vegetation will result. Contractor will alternate mowing patterns or direction on a weekly basis. Mowing shall not be performed when the grass is wet or during periods of heavy visitation. At the option of the Project Manager, raking and removal of grass clippings may be required when leaving the clippings will cause damage to the turf.

Prior to mowing, Contractor shall remove all rocks, broken limbs, litter, or debris from lawn areas that are likely to damage equipment, be thrown by the mower, or leave an unsightly appearance after mowing. Where applicable the contractor should blow grass clippings away from roads, buildings, and walkways. After mowing is completed, the Contractor shall remove all vegetation and debris from roads, paved walkways, and parking areas that were deposited as the result of mowing operations.

3. Equipment

Tractor-type or industrial walk-behind mowers shall be used where practical. Turf tires must be on all mowing equipment used on fine lawn areas. Equipment shall be properly sized to prevent scalping of turf in uneven lawn areas. Hand mowing is required in all areas not accessible to larger equipment. All blades on mowing equipment will be sharpened on a regular basis to prevent irregular cutting patterns and tearing of the grass. All guards and safety equipment installed by the manufacturer will be kept in place and operational. Contractor will have available sufficient mowing equipment and personnel to insure all areas are mowed within allowable time frames. In all cases, methods of mowing and equipment shall have prior approval of the Project Manager.

4. Mowing Schedule.

Grass will normally be mowed on a weekly basis. At the discretion of the Project

Manager, there may be weeks when the grass does not need mowing. In this event, the Contractor may be required to skip these weeks. Skipped weeks may be made up at the end of the season as requested by the Project Manager. Mowing shall take place between the hours of 9 a.m. and 5 p.m. There will be no mowing on Saturdays, Sundays, and holidays except as required by unusual conditions and with prior approval by Project Manager. Any work not completed by the end of Friday of each week will be prorated and an appropriate deduction will be made in payment.

5. Hand Mowing and Trimming.

Grass and weeds around all obstacles and in all areas inaccessible to larger equipment will be cut to a height of 2-1/2" on a weekly basis. These areas include, but are not limited to, Entrance hill at Winhall brook, curbing, guard rails, buildings, wheel stops, boulders, chain link fencing, sign posts, ditches, picnic tables, fireplaces, grills, flower beds, site markers, benches, trees, etc.

The use of a gas-powered or electrical string trimmer will not be permitted around shrubbery or around trees that have a diameter of 6" or less, as measured 12" above surrounding grade. Landscape beds and shrub areas will be kept free of weeds during the term of the contract. Weeds or grasses in these areas will be removed or cut by hand weeding, mulching, or hand operated clippers. The suggested method of control would be the use of a weed control barrier in conjunction with approved mulch. Shrubs or trees damaged by the Contractor will be replaced by the Contractor at his own expense with equivalent sizes and species.

6. Semi-Annual Mowing Schedule.

Areas designated as semi-annual mowing locations will be mowed twice per year. The first mowing will be after 15 June but before 1 July, and the second mowing will be after 1 September at the direction of the Project Manager.

ITEM NO. 4 – Mow and Trim Lawns – Area B (Winhall Brook Camping Area)

1. Mowing Area

Mow and trim approximately twenty (20) acres at Winhall Brook (see maps) to a height of 2-1/2" once weekly for a period of 26 weeks from 1 May 2013 or as directed by the Project Manager. Use the same specifications as the line item No. 4 above. The contractor should take note that all trimming on the lawns and **road sides** will be done weekly at Winhall Brook.

ITEM NO. 5 - Roadside Mowing

Contractor shall mow all roadsides approximately five (5) miles and hills that are not mowed weekly approximately ten acres (10). These areas including campground roads, Pratt's Bridge road, spillway road, North side trail, and hill at Ball Mtn. Dam. These areas shall be mowed according to the semi-annual mowing schedule. All roadsides shall be mowed a minimum of eight feet from shoulder. Areas not accessible with roadside mowers shall be hand trimmed such

as around guard rails.

ITEM NO. 6 - Aeration

Contractor will supply all necessary labor and equipment to aerate seventeen acres of specified lawn area on a yearly basis. Aerated areas will be rotated or continued yearly in the same location as conditions warrant. Aeration equipment will be tractor-drawn core type which will remove plugs from soil. Soil plugs will be left on ground surface. All aeration tubes on equipment will be operational and checked periodically for operability during aeration process. Damaged or non-functional tubes will be replaced as soon as problems are noted to prevent missed spots in lawn areas. Small walk-behind aeration equipment will be used on areas (and only on areas) inaccessible to larger equipment such as around picnic tables and pads, fireplaces, trees and shrubs, rocks, driveway and walkway edges, etc.

All lawn areas will be aerated in two passes in a cross pattern. Each successive pass will meet or overlap the previous pass to eliminate missed areas. No work will take place when the soil is excessively wet or during periods of rain. Ground speed of equipment will be properly calibrated to prevent excessive bouncing of equipment, damage to lawn areas, and to assure adequate aeration results.

Work will be completed after closing of the recreation area and before fertilizer and lime are to be applied.

ITEM NO. 7 - Fertilize

Contractor will supply and apply, to approximately 27 (twenty seven) acres of fine lawn a commercially prepared granular fertilizer with a N-P-K ratio of 23-0-30. See Table 1 for amounts. Contractor will be required to submit a manufacturer's label for the fertilizer to the Project Manager for approval prior to the commencement of work. Material will be applied using a properly calibrated tractor mounted "Vicon" spreader or equivalent to insure complete and uniform application rates. Any area not accessible to larger equipment will be fertilizer using walk-behind drop or broadcast spreader.

Efforts will be taken to insure fertilizer does not come in contact with any body of water. Fertilizer will be applied when there is no dew or moisture on the turf to prevent burning of foliage. Material will be applied after closing of the recreation area, and completion of aeration, weather permitting. Any buildings covered by either material will be cleaned. **Large bulk type trucks are prohibited from all fine lawns.** All work will be completed to the satisfaction of the Project Manager.

ITEM NO. 8 - Lime

Contractor will supply and apply, to approximately 27 (twenty seven) acres of fine lawns, a commercially prepared lime. See Table 1 for amounts. Material will be applied using a

properly calibrated tractor mounted "Vicon" spreader or equivalents to insure complete and uniform application rates. No large lime trucks will be allowed on fine lawns. Any area not accessible to larger equipment will be fertilized using walk-behind drop or broadcast spreader. Work and methods are subject to approval by the Project Manager.

Efforts will be taken to insure lime does not come in contact with any body of water. Material will be applied after closing of the recreation area, and completion of aeration, weather permitting. Any lawn damages, including ruts in grass, caused from equipment use and/or overspray of materials on buildings or pavement will be repaired or cleaned at the Contractor's expense. All work will be completed to the satisfaction of the Project Manager no later than 15 October.

CLAUSES INCORPORATED BY FULL TEXT

FAR 52.204-99 (DEVIATION)

System for Award Management Registration (August 2012) (DEVIATION)

(a) *Definitions.* As used in this clause—

“Central Contractor Registration (CCR) database” means the **retired** primary Government repository for Contractor information required for the conduct of business with the Government.

“**Commercial and Government Entity (CAGE) code**” means—

(1) **A code assigned by the Defense Logistics Agency (DLA) Logistics Information Service to identify a commercial or Government entity; or**

(2) **A code assigned by a member of the North Atlantic Treaty Organization that DLA records and maintains in the CAGE master file. This type of code is known as an “NCAGE code.”**

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

“Data Universal Numbering System+4 (DUNS+4) number” means the DUNS number means the number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-

character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional **SAM** records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same concern.

“Registered in the **SAM** database” means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the **SAM** database;

(2) The Contractor’s CAGE code is in the **SAM** database; and

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record “Active”. The Contractor will be required to provide consent for TIN validation to the Government as a part of the **SAM** registration process.

“**System for Award Management (SAM)**” means the primary Government repository for prospective federal awardee information and the centralized Government system for certain contracting, grants, and other assistance related processes. It includes—

(1) **Data collected from prospective federal awardees required for the conduct of business with the Government;**

(2) **Prospective contractor submitted annual representations and certifications in accordance with FAR Subpart 4.12; and**

(3) **The list of all parties suspended, proposed for debarment, debarred, declared ineligible, or excluded or disqualified under the nonprocurement common rule by agencies, Government corporations, or by the Government Accountability Office.**

(b)(1) The **Contractor shall be registered in the SAM database prior to submitting an invoice** and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) **The SAM registration shall be for the same name and address identified on the contract, with its associated CAGE code and DUNS or DUNS+4.**

(3) **If indicated by the Government during performance, registration in an alternate system may be required in lieu of SAM.**

(c) If the **Contractor** does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) A contractor may obtain a DUNS number—

(i) Via the internet at <http://fedgov.dnb.com/webform> or if the contractor does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The contractor should indicate that it is a contractor for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The **Contractor** should be prepared to provide the following information:

(i) Company legal business name.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

- (iii) Company physical street address, city, state and Zip Code.
 - (iv) Company mailing address, city, state and Zip Code (if separate from physical).
 - (v) Company telephone number.
 - (vi) Date the company was started.
 - (vii) Number of employees at your location.
 - (viii) Chief executive officer/key manager.
 - (ix) Line of business (industry).
 - (x) Company Headquarters name and address (reporting relationship within your entity).
- (d) **Reserved.**
- (e) Processing time **for registration in SAM, which normally takes five business days**, should be taken into consideration when registering. **Contractors** who are not already registered should consider applying for registration **at least two weeks prior to invoicing.**
- (f) The Contractor is responsible for the accuracy and completeness of the data within the **SAM** database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the **SAM** database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the **SAM** database to ensure it is current, accurate and complete. Updating information in the **SAM** does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer **sufficient documentation to support the legally changed name with** a minimum of one business day's written notification of its intention to—
- (A) Change the name in the **SAM** database;
 - (B) Comply with the requirements of subpart 42.12 of the FAR; and
 - (C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer.
- (ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the **SAM** information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.
- (2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the **SAM** record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the **SAM** database. Information provided to the Contractor's **SAM** record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(e) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(h) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (APR 2012)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a

cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the rerepresentation required by paragraph (b) of this clause by validating or updating all its representations in the Online Representations and Certifications Application and its data in the Central Contractor Registration, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in ORCA, or does not have a representation in ORCA for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it () is, () is not a small business concern under NAICS Code 561730- assigned to contract number W912WJ-13-Q-0068.

(Contractor to sign and date and insert authorized signer's name and title).

(End of clause)

52.227-5001 PARTICIPATION OF FOREIGN NATIONALS IN USACE CONTRACTS

All contractor employees (U.S. Citizens and Non-U.S. Citizens) working under this contract who require access to Automated Information Systems (AIS), (stand alone computers, network computers/systems, email) shall, at a minimum, be designated into an ADP-III position (non sensitive) in accordance with DoD 5220-22-R, Industrial Security Regulation. The investigative requirements for an ADP – III position are favorable National Agency Check (NAC), SF-85P, Public Trust Position. The contractor shall have each applicable employee complete a SF-85P and submit to the U.S. Army Engineer District, New England, 696 Virginia Road, Concord, MA 01742-2751, Security Officer, within three (3) working days after award of any contract or task order, and shall be submitted prior to the individual being permitted to access AIS. Contractors that have a commercial or government entity (CAGE) Code and Facility Security Clearance through the Defense Security Service shall process the NAC's and forward visit requests/results of NAC to the U.S. Army Engineer District, New England, 696 Virginia Road, Concord, MA 01742-2751 – Security Officer. For those contractors that do not have a Cage Code or Facility Security Clearance, the U.S. Army Engineer District, New England – Bldg 1, 696 Virginia Road, Concord, MA 01742-2751, Security Officer will process the investigation in coordination with the Contractor and contract employees.

In accordance with Engineering Regulation, ER-380-1-18, Section 4, foreign nationals who work on Corps of Engineers' contracts or task orders shall be approved by HQUSACE Foreign Disclosure Officer or higher before beginning work on the contract/task order. This regulation includes subcontractor employees. (NOTE: exceptions to the above requirement include foreign nationals who perform janitorial and/or grounds maintenance services.) The contractor shall submit to the U.S. Army Engineer District, New England, Contracting Division, the names of all foreign nationals proposed for performance under this contract/task order, along with documentation to verify that he/she was legally admitted into the United States and has authority to work and/or go to school in the US. Such documentation may include a U.S. Passport, Certificate of U.S. Citizenship (INS Form N-560 or N-561), Certificate of Naturalization (INS Form N-550 or N-570), foreign passport with I-551 stamp or attached INS Form I-94 indicating employment authorization, Alien Registration Receipt Card with photograph (INS Form I-151 or I-551), Temporary Resident Card (INS Form I-688), Employment Authorization Card (INS Form I-688A), Reentry Permit (INS Form I-327), Refugee Travel Document (INS Form I-571), Employment Authorization Document issued by INS which contains a photograph (INS Form I-688B).

52.249-5000 BASIS FOR SETTLEMENT OF PROPOSALS

Actual costs will be used to determine equipment costs for a settlement proposal submitted on the total cost basis under FAR 49.206-2(b). In evaluating a terminations settlement proposal using the total cost basis, the following principles will be applied to determine allowable equipment costs:

(1) Actual costs for each piece of equipment, or groups of similar serial or series equipment, need not be available in the contractor's accounting records to determine total actual equipment costs.

(2) If equipment costs have been allocated to a contract using predetermined rates, those charges will be adjusted to actual costs.

(3) Recorded job costs adjusted for unallowable expenses will be used to determine equipment operating expenses.

(4) Ownership costs (depreciation) will be determined using the contractor's depreciation schedule (subject to the provisions of FAR 31.205-11).

(5) License, taxes, storage and insurance costs are normally recovered as an indirect expense and unless the contractor charges these costs directly to contracts, they will be recovered through the indirect expense rate.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.71 per hour or \$148.40 per week or \$643.07 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, 4 after 15 years, and 5 after 25 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)

2) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

3) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by

the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A link to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

____ Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

____ Individual/concern, other than one of the preceding.

(c) Definitions. As used in this provision--

Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern," means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

Veteran-owned small business concern means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned small business concern," means a small business concern --

(1) That is at least 51 percent owned by one or more women or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; or

(2) Whose management and daily business operations are controlled by one or more women.

(d) Notice.

(1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a small, HUBZone small, small disadvantaged, or women-owned small business concern in order to obtain a contract to be awarded under the preference programs established pursuant to section 8(a), 8(d), 9, or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall--

- (i) Be punished by imposition of fine, imprisonment, or both;
- (ii) Be subject to administrative remedies, including suspension and debarment; and
- (iii) Be ineligible for participation in programs conducted under the authority of the Act.

52.225-2 BUY AMERICAN ACT CERTIFICATE (FEB 2009)

(a) The offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a domestic end product and that for other than COTS items, the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States. The offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products, i.e., an end product that is not a COTS item and does not meet the component test in paragraph (2) of the definition of "domestic end product." The terms "commercially available off-the-shelf (COTS) item," "component," "domestic

end product,” “end product,” “foreign end product,” and “United States” are defined in the clause of this solicitation entitled “Buy American Act--Supplies.”

(b) Foreign End Products:

Line Item No.:-----

Country of Origin:-----

(List as necessary)

(c) The Government will evaluate offers in accordance with the policies and procedures of Part 25 of the Federal Acquisition Regulation.
