GENERAL NOTES:

1. Soundings are in feet and tenths and refer to the plane of Mean Lower Low Water (MLLW).
2. Topography shown is from previous surveys and/or NOAA Chart No.13224. All topography, including shoreline, bridges, piers, etc., is located approximate unless otherwise noted. Topography should be used as a general reference only.
3. Bench Mark Data: B.M.4 (1950) is a State of Rhode Island Shell Fisheries Commission standard bronze reference mark disk stamped "4 1950", set in top of seawall around old Nyatt Point Lighthouse, 50 feet south of the north end of seawall and 38 feet northwest of northwest corner of the Old Lighthouse. Elevation is 10.76 feet above MLLW.
4. Coordinates shown are based on the Transverse Mercator Grid System for the State of Rhode Island & NAD 1983.
5. The sounding information shown on these maps represents the SHOALEST soundings of those obtained from hydrographic surveys conducted during March 2002.
6. The information depicted on these maps represents the results of surveys made on the dates indicated, and can only be considered as indicating the general conditions existing at that time.
7. Field Book: R&H 3847
   Depthsounder Rolls: 02-587/01 & 02
   See NOAA Chart No. 13224.
