LOCATION MAP
NTS

GENERAL NOTES:

1. Soundings are in feet and tenths and refer to the plane of Mean Lower Low Water (MLLW).
2. Topography shown is from previous survey and/or NOAA Chart No. 13221. All topography, including shoreline, bridges, piers, etc., is located approximate unless otherwise noted and should be used as a general reference only.
3. Bench Mark Data: B.M. 0768 E (1977) is set flush in the top of a 1.5 foot (0.46 m) wide concrete seawall at the entrance to the Sakonnet Yacht Club Wharf in the southeast corner of the Yacht Club, 151 feet (46.02 m) north of B.M. No. 2 (1957), 23 feet (7.01 m) northwest of the southeast corner of the Yacht Club. Elevation is 8.01 feet above MLLW.
4. Coordinates shown are based on the Transverse Mercator Grid System for the State of Rhode Island & NAD 1927.
5. The sounding information shown on this map represents the SHOALEST soundings of those obtained from hydrographic surveys conducted during February 2001.
6. The sounding information depicted on this map should NOT be used to determine volumes. Volumes are determined from more sounding information than shown. Additional sounding information is available upon request.
7. The information depicted on this map represents the results of surveys made on the dates indicated, and can only be considered as indicating the general conditions existing at that time.
8. Field Books: R&H 2861 & 3833
