

LABORATORIES WITH APPROVED QUALITY ASSURANCE PLANS

The following laboratories have submitted Laboratory Quality Assurance Plans (LQAPs) that meet the requirements of the New England District's Regional Implementation Manual (RIM). This is a partial list which we will update as other laboratories have their LQAPs reviewed and approved by the District. The list does not constitute a recommendation, only that these laboratories have met the requirements of the RIM.

Laboratory	Biological Testing (Toxicity Bioaccum.)	Sediment Bulk Chemistry					Aqueous Chemistry		Tissue Chemistry
		All RIM Metals	PAHs	PCB Congeners	Pesticides	Dioxins & Furans	Saltwater	Freshwater	
Absolute Resource Labs 124 Heritage Avenue Portsmouth, NH 03801 (603) 430-2100		✓	✓	✓	✓				
Accutest 50 D'Angelo Drive 495 Technology Center West, Building One Marlborough, MA 01752 (508) 481-6200		✓	✓	✓	✓			✓	
Alpha Analytical Woods Hole Division 320 Forbes Boulevard Mansfield, MA 02048 (508) 822-9300		✓	✓	✓	✓	*	✓	✓	✓
ALS Environmental 1317 South 13th Avenue Kelso, WA 98626 (360) 577-7222 19408 Park Row, Suite 320 Houston, TX 77084 (712) 266-1599		✓	✓	✓	✓		✓	✓	✓

SP Engineering, Inc. P.O. Box 848 Salem, MA 01742-2751 (978) 745-4569	✓								

* Subcontracted to laboratory that has submitted LQAP

The following laboratories, which perform only grain size analyses and physical testing, have submitted LQAPs. While this is not required by the RIM for laboratories that do these kinds of analyses, other laboratories that do this type of work are encouraged to also submit their LQAPs.

Applied Marine Sciences, Inc.
502 N. Highway 3, Suite B
League City, TX 77573

(281) 554-7272

Geo/Plan Associates
30 Mann Street
Hingham, MA 02043-1316

(781) 740-1340

Geotesting Express, Inc.
1145 Massachusetts Avenue
Boxborough, MA 01719

(800) 434-1062

Thielsch Engineering
195 Frances Avenue
Cranston, RI 02910

(401) 467-6454

The following laboratory, which performs Total Organic Carbon testing (TOC), has submitted an LQAP:

ESS Laboratory
185 Frances Avenue
Cranston, RI 02910

For further information on this program and to submit new LQAPs or updates please contact:

Dredge Coordinator, PATS Branch
Regulatory Division
New England District Corps of Engineers
696 Virginia Road
Concord, MA 02741-2751
(978) 318-8338
