Shore/Bank Protection Projects

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG®

Massachusetts

North Nashua River (Leominster) Shore and Bank Protection Project

The city of Leominster is located in north central Massachusetts, approximately 34 miles northwest of Boston.

The project involved the construction of stone slope revetment along 400 feet of eroding streambank adjacent to the Leominster Connector, an arterial roadway that links the interstate highway network with the city.

Work was completed in August 1994 at a cost of \$120,000.
