15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)		
		TEL: _____ EMAIL: _____		
15B. CONTRACTOR/OFFEROR  _____ (Signature of person authorized to sign)	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA  BY _____ (Signature of Contracting Officer)	16C. DATE SIGNED 10-Aug-2004	

## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

**SUMMARY OF CHANGES**

## SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AM0001

The following are answers/clarifications to questions received:

**How were the quantities calculated for items 0002, 0004, 0005, and 0006?**

Quantities for the "A" and "B" items were calculated by assigning 80% of the "required" dredging to the "A" item and the remaining 20% of the "required" plus allowable over depth to the "B" item. The "required" material to be dredged is material within the channel limits above the elevation of -7 MLLW including side slopes. Allowable over depth is material within the channel limits between elevations -7 and -8 MLLW including side slopes. Item 0002 quantities were from sheets C-11, C-10, and 65% of C-9. An arrow near the top of the sheets indicates the general location of the river each of the bid items. Item 0004 quantities were from sheets 35% of C-9, C-8, C-7, C-6, and 50% of C-5. Item 0005 quantities were from sheets 50% of C-5, C-4, C-3, and C-2. Item 0006 quantities for the "A" item were 80% of "required" material from areas 1, 11, and 12 plus 80% of the remaining areas. Item 0006 quantities for the "B" item were 20% of "required" material from areas 1, 11, and 12 plus over depth from areas 1, 11, and 12 plus 20% of the remaining areas.

**What are the limits, if any, on each sub item?**

This question was interpreted to mean physical limits, which are shown on the drawings as a line labeled "Bid Item 000\_".

**How is the quantity of the dredge material deposited in the cell to be measured?**

This is to be by the cubic yard, which will be measured by pre dredge and post dredge surveys in the river.

**Is there a limit on the wastewater deposited in the cell?**

No limit has been established.
