

**US Army Corps
of Engineers** ®
New England District

While surfing the web, I found information on Lewis & Clark 'Corps of Discovery' that I think we should invite into our classroom. The U.S. Army Corps of Engineers, New England District is willing to send a park ranger to our class to speak with us for free. Please call Mrs. Sally Rigione at 978-318-8237 to set up a date for a park ranger to visit our school or classroom. Check out their website for further details (website www.nae.usace.army.mil).

E-mailed to: sally.m.rigione@usace.army.mil

Faxes can be sent to: 978-318-8850

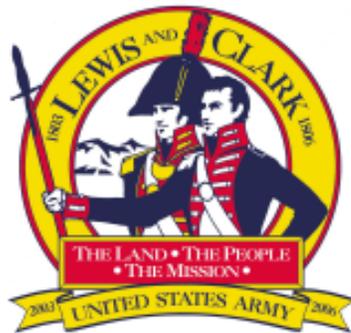

U.S. Army Corps of Engineers, New England District
