**A Public Information Meeting has been scheduled to discuss the Draft Master Plan update for the Union Village Dam Flood Control Project in Thetford, Vermont**

The New England District of the U.S. Army Corps of Engineers is updating the existing Master Plan at its Union Village Dam flood control project in east central Vermont. The Union Village Dam project encompasses approximately 991 acres of land in the town of Thetford. Based on an evaluation of the natural and developed resources of the project, and an assessment of regional needs and public desires, an overall land and water management plan for the project has been developed. The results of the study will be presented, and the public will be invited to provide their input to the Draft Master Plan.

**Location:** Thetford Academy Library, Academy Road, Thetford, Vermont

**When:** Wednesday, December 3, 2003 at 7:00 p.m.

Copies of the Draft Master Plan are available for viewing at the following locations:
