Email: roberta.k.budnik@usace.army.mil

SUBJECT: Announcement of the upcoming U.S. Army Corps of Engineers, New England District (USACE) outreach events regarding implementation of the Nationwide Permit Program in New England.

PURPOSE: USACE is holding outreach events in each New England state to inform our agency partners, the general public, applicants, and consultants about the New England District's planned implementation of the Nationwide Permits (NWP), application procedures, and the transition from the currently used, state-specific Regional General Permits.

These outreach events will cover the following topics: overview of the 2026 NWPs, timeline of issuance and implementation, Regional General Permits (RGPs) still available for use, existing RGP verifications, NWP general conditions, NWP regional conditions, Clean Water Act Section 401 Water Quality Certification, and Coastal Zone Management Act consistency determination.

These events will be held in-person, but a virtual attendance option will also be available at the corresponding links. We recommend that you log in 10 minutes early. The USACE team will remain at each venue after the scheduled event for individual questions.

REGISTRATION INFORMATION: If you plan to attend the event in-person, please register by sending an email to CENAE-R-NWP@usace.army.mil indicating in the subject line which event you plan to attend and your name in the body of the email.

EVENT INFORMATION:

USACE will hold these outreach events in each New England state at the following dates and times:
