

Entry Level Positions Advance Notice

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG®

The U.S. Army Corps of Engineers (USACE), New England District will post job announcement opportunities for entry level positions as part of either the **Pathways Recent Graduates** or **Direct Hire Authority (DHA) for “Recent Graduates”** throughout the calendar year. Announcements will be posted on USAJobs website <https://www.usajobs.gov>.

This is an opportunity to join the world’s premier public engineering organization, supporting our nation’s civil works and military missions. For more information about the U.S. Army Corps of Engineers please visit: <http://www.usace.army.mil>.

Work: The U.S. Army Corps of Engineers, New England District delivers vital engineering and construction services that span the full breadth of the Corps’ civil and military missions, including environmental restoration and stewardship, flood risk management, natural resource and recreation management, streambank and shoreline protection, navigation improvements and maintenance, disaster assistance, regulatory/permitting mission, and worldwide support to the military. The New England District provides interagency support to the Environmental Protection Agency, Federal Emergency Management Agency, Housing and Urban Development, National Park Service, U.S. Customs and Border Patrol, U.S. Coast Guard, and the U.S. Department of Veterans Affairs. Work is performed in an interdisciplinary team environment, working with scientists and other engineers, among a team of senior engineering and science professionals.

Applicants that are selected may perform a two-year internship during which time they will be placed in rotating developmental assignments working and learning in our Planning, Engineering, Regulatory, Project Management, Operations and Construction offices within the District. This internship will expose individuals to the various capabilities of the Corps in New England.

Requirements: Requirements may differ based on the type of positions being recruited. Please refer to the job announcement at the time of applying to see what requirements are needed.

Eligibility: Applicants must be U.S. citizens. Applicants must have obtained a qualifying degree, or completed a qualifying career or technical education program, as determined by Office of Personnel Management, within the preceding two years.

Veteran applicants may be appointed, under the Pathways Recent Graduates Program, within six years of obtaining a qualifying degree, or completing a qualifying program, if deployment prevented them from applying within the preceding two years. For Direct Hire Veteran Applicants: a person who was awarded a degree by an institution of higher education not more than two years before the date of the appointment of the applicant. Exception: For a person who has completed a period of obligated service in a uniformed service of more than four years, the degree may be awarded by an institution of higher education not more than four years before the date of the appointment of the applicant.

How to Apply: Announcements will be posted on either USAJobs <https://www.usajobs.gov>,

Location: The New England District Headquarters is located in historic Concord, Massachusetts, 20 miles west of Boston, convenient to I-95, Route 3, Route 2 and Route 2A. The District also has field offices throughout New England.
