

Cape Cod Canal Fowl Weather Birds Scavenger Hunt

Many species of waterfowl spend the winter along the Cape Cod Canal. They migrate here because the Canal offers them protected water that doesn't freeze over and is full of food.

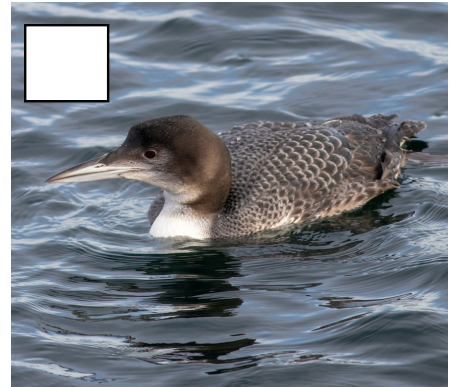

Can you find all of these "fowl weather" birds while at the Canal this winter?

Common Eider, male

Common Eider, female

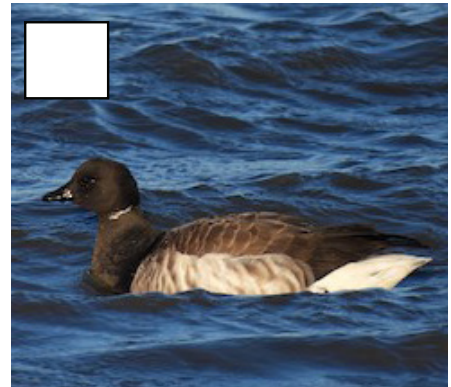

Common Loon

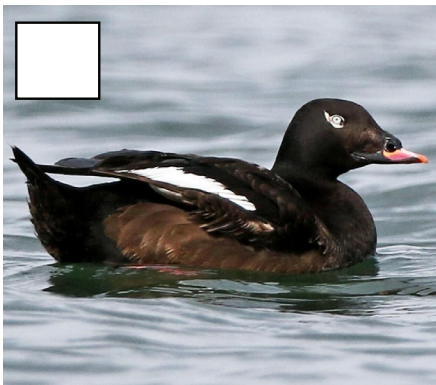

Red Breasted Merganser, male

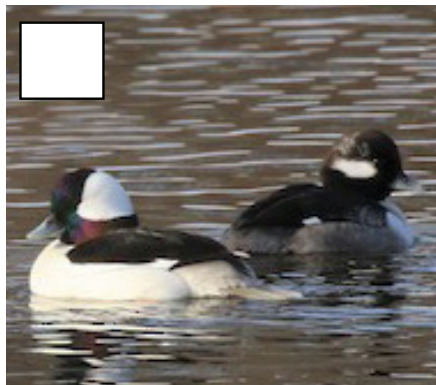

Red Breasted Merganser, female

Brant

White Wing Scoter

Bufflehead, male(L) or female(R)
