Pipe Connections, Installations, and Other Work

Ludlow continued to work on building forms for the construction of a sidewalk around the base of the water tank located east of the Shared Access Driveway in Middletown.

Daily Activities – Water tank work zone, Shared Access Driveway, Middletown

Ludlow continued to work on building concrete forms for the construction of a sidewalk around the base of the water tank located east of the Shared Access Driveway in Middletown.

0705: Ludlow has mobilized to the water tank work zone to resume work on the concrete sidewalk that they are installing around the perimeter of the water tank located east of the Shared Access Driveway.

0750: Ludlow is laying 10-foot-long form sections every 15 feet within the original AZEK PVC trim form at the base of the tank.

0930: Ludlow is cutting the wire mesh sheets to fit within the area of each 15' section.

1050: Ludlow continues cutting the wire mesh sheets to fit within in each 15' section.

1220: Ludlow is grading, loaming, and seeding an area next to the tank.

Res. Representative:

K. Bennett

Date: 04/06/22
