Attach a list of the following. (a) Major items of equipment either idle or working, and (b) Number and classification of contractor personnel onsite. NOTE: if the contractor's Quality Control Report (QCR) contains the information it need not be repeated.									
QA NARRATIVES									
<div style="display: flex; justify-content: space-between;"> <div> Work Performed Today: Kurt Mintell Jon Pio onsite by himself- working on clean up of the overall site - collecting pipe parts, remove silt socks from the storm drains. No CLINS worked on today </div> <div> Unresolved Issue: No Shift: 1 </div> </div>									
<div style="display: flex; justify-content: space-between;"> <div> Miscellaneous Remarks and Visitors to Project: Kurt Mintell CTDOT interactions today - NONE Customer issues today or correspondence-Email from Karen Keane requesting asphalt on her grass be cleaned up before the KTR leaves for winter. Responded to the email we would take care of this. Relayed to J. Pio and added to punch list. Durham Public Works issues today - Call from John Jenkins - homeowner from 158 Maple had water in basement - was concerned it was form the curb stop excavation - I visited the residence - there is a sump & pit in hi basement - the sump pump is disabled. I discussed with the resident and he is getting a new sump pump. No issue at this time- Jon Pio will add more loam to the curb stop location & hydrant Tina Raffa - Called Mike Cunningham concerning water flowing across the new access road & freezing. JP recommended sloping the terrain to drain into the culvert. Notified Ed- he will contact Tina. </div> <div> Unresolved Issue: No Shift: 1 </div> </div>
