"In Fiscal Year 2025, the New England District awarded over \$143 million dollars to small businesses. Small Businesses are critical to our mission success in meeting the many and varied challenges that we face. With teamwork, we can accomplish any of the challenges presented to us."

Colonel Justin R. Pabis
District Commander

Col. Justin R. Pabis, New England District Commander

New England District and Small Business

The involvement of small business in our Military and Civil Works programs is vital to our mission. Much of our success is due to the initiative, imagination, and productivity of small businesses. The U.S. Army Corps of Engineers (USACE) is committed to fostering the capabilities of small business. At New England District, we collaborate with our small business stakeholders to ensure success, for

all parties involved. Small business utilization is just good business.

Mission Statement:

To sustain USACE as a premier organization in developing small businesses and maximizing their opportunities to participate in our procurements, thereby ensuring a broad base of capable suppliers to support the USACE mission and strengthen our nation's economic development.

Our Commitment:

The New England District fully supports the national policy of providing Small Businesses, Small Disadvantaged Businesses, 8(a), HUBZone Small Businesses, Women-Owned Small Businesses, Veteran-Owned Small Businesses and Service-Disabled Veteran-Owned Small Businesses the opportunity to provide supplies and services which are within their capability. Small Businesses are integral to our environmental missions, and many of our Sustainment, Restoration and Modernization (SRM) projects in military. We are committed to the worthwhile and varied socioeconomic programs and through teamwork, we will continue to help support this great nation into the next millennium.

New England District Overview

USACE, New England District is responsible for managing the Civil Works responsibilities in a 66,000 square mile region encompassing the six New England states east of the Lake Champlain drainage basin.

The region has 6,100 miles of coastline, 13 deep draft commercial waterways, 13 major river basins, and thousands of rivers and streams. Within this area of operation, USACE has completed hundreds of Civil Works projects that benefit the New England communities.

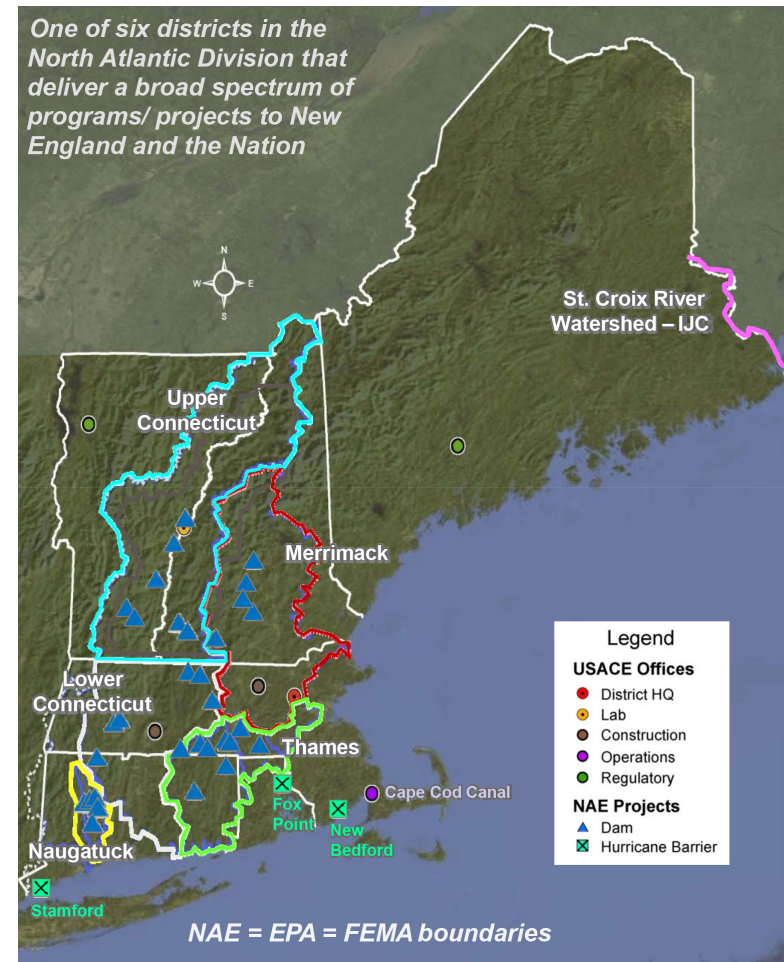

The missions of the New England District are many and varied. They include environmental remediation; flood risk management; natural resource management; stream bank and shoreline protection; navigation improvements and maintenance; disaster and emergency assistance; regulatory administration; and engineering and construction management support to other agencies.

District headquarters, Concord, Massachusetts.

New England District Overview

The U.S. Army Corps of Engineers, New England District, is one of six districts within the North Atlantic Division. The District delivers a wide range of services, including military construction, water resource management, environmental restoration, disaster relief, and public works projects that support New England region and the nation's overall mission.

Doing Business With New England District

USACE, New England District plans, designs, builds and operates a vast array of projects through its Civil Works, Military and Work for Others programs. In order to accomplish these projects, we procure a variety of architect /engineering services, environmental consulting services, construction, environmental remediation, and many other services. We are committed to working with the Small Business Community to fulfill these opportunities and become part of our team!

Are you interested in Doing Business with New England District (NAE)? Recommend you engage with us by:

- **Register and stay active in SAM.gov.** To locate our contract opportunities in SAM.gov, under Search tab, click on Domain and select Contracting Opportunities. Under Simple Search, ensure All Words is selected, in search box type in **W2SD ENDIST NEW ENGLAND**. This will allow you to view current solicitations, market research, Industry Days, bid results and contract awards.
- Visit NAE **Small Business/Contracting web pages** at www.nae.usace.army.mil, click on "Business With Us" to locate the web pages. On the Contracting page, you can view all acquisitions between \$10,000 - \$25,000.
- Engage with us through Market Research and Sources Sought Announcements – your feedback is vital. Attend Industry Days, tell us about your capabilities, interest, and availability, and share any ideas or technical considerations that can help strengthen our approach.
- Share your insights and feedback – we're committed to strengthening our partnerships within industry.
- Stay connected with our Deputy for Small Business for updates and guidance.
